

## 98 Ferry Road ROSEDALE QLD

This fully fenced 64.75 hectare property has to be one of the best priced rural properties on the market today!

Only 5 minutes drive from the beautiful Rosedale township, this stunning property is bordered by roads on 2 sides making access a breeze. The property is divided into 2 paddocks and features a good set of steel stockyards with crush and loading ramp all well positioned under the shade of giant fig trees. Water is taken care of with 2 central dams and there is even a lockup shed plus undercover double carport beside the yards.

The owner has no need for the property anymore and has priced it to sell.
